

Termwise Syllabus
Session: 2019-20
Class-VI
Subject: Mathematics (Nishtha)
Term-I (April 2019 to September 2019)

Chapter Name	Content	Learning Outcomes	Suggested Activities
Chapter-1 Knowing our numbers	Introduction, Comparing Numbers, Large Numbers in Practice, Estimation _ nearest tens, hundred, thousands, outcomes of numbers situations, sum and difference, product, Using brackets, Roman Numerals.	The learner will be able to: <ul style="list-style-type: none"> • Differentiate between Indian system and International system of numeration. • Solve daily life situation problems involving addition, multiplication, subtraction, division and fraction. • Estimates the given number. • Express numbers in Roman Numerals & vice-versa. 	<ul style="list-style-type: none"> • Count number of rooms of your school. • Find the number of students in all sections of class. • Count in groups to understand multiply. Distribute the things in groups to understand division.
Chapter-2 Whole Numbers	Introduction, Whole Numbers, The Number Line. Properties of whole numbers, Patterns in whole numbers Note: As per SCERT guidelines, content not to be taught- section 2.4 exercise 2.2(to be taught but without emphasizing the use of terminology/name of properties)	The learner will be able to: <ul style="list-style-type: none"> • Add and subtract numbers on number line. • Rearranges the given number and find its solution. • Identify the pattern in a series of numbers. 	<ul style="list-style-type: none"> • Learn add and subtract by standing on steps • Game with dice can be used.
Chapter-4 Basic Geometric Ideas	Introduction, Points, A Line Segment, A Line, Intersecting Lines, Parallel Lines, Ray, Curves, Polygons, Angles, Triangles. Quadrilaterals, circles.	The learner will be able to: <ul style="list-style-type: none"> • Identify geometrical figures like point, ray, line, line segment, parallel line, intersecting lines in the surroundings and give examples. 	<ul style="list-style-type: none"> • Example of line and line segment from daily life. • Identify triangle, quadrilateral, circle from surroundings.

		<ul style="list-style-type: none"> Identify the geometrical shapes like triangles, quadrilaterals, circles and their parts. 	<ul style="list-style-type: none"> Discussion on the topic of light of sun and candle.
Chapter-5 Understanding Elementary Shapes	Introduction, Measuring line segment, Angles-right and straight, Angles-Acute, Obtuse and Reflex, Measuring angles, Perpendicular Lines, Classification of Triangles, Quadrilaterals, Polygons, 3-dimensional shapes.	<p>The learner will be able to:</p> <ul style="list-style-type: none"> Classify the angles as acute, obtuse, reflex, straight, complete and can measure and draw them. Identify the triangles as scalene, isosceles, equilateral and on the basis of angles. Identify different quadrilaterals as square, rectangle, parallelogram, rhombus and trapezium. Identify 3-D shapes and its parts. 	<ul style="list-style-type: none"> Example of shapes from surroundings. Examples of 3-D shapes and counting their edges, vertex and faces.

**Mental Maths, Maths Lab Activities & YUVA sessions
Revision of syllabus for Mid Term Exam**

Term-II (October 2019 to March 2020)

Chapter Name	Content	Learning Outcomes	Suggested Activities
Chapter-6 Integers	Introduction, integers, addition of integers, subtraction of integers with the help of a number line, Ordering of Integers Note: As per SCERT guidelines, content not to be taught- section 6.2 except 6.2.1, 6.2.2, section 6.3 exercise 6.2 section 6.4 exercise 6.3	<p>The learner will be able to:</p> <ul style="list-style-type: none"> Identify the integers and represent it on number line. Compare the different integers and write integers in orders. 	<ul style="list-style-type: none"> Make understand integers with the help of stairs Find temperature of Kashmir and Delhi in summer and winter and compare it
Chapter-7 Fractions	Introduction, Fraction, Fraction on Number Line, Proper, Improper and Mixed Fractions, Equivalent fractions, Simplest form of a fraction, Like fractions, Comparing fractions, Addition and Subtraction of fractions.	<p>The learner will be able to:</p> <ul style="list-style-type: none"> Represent fraction on number line and shade the given portion as fraction. Identify fractions as proper, improper, mixed, equivalent and like fractions. Compare, add and subtract fractions and solve daily life problems involving fractions. 	<ul style="list-style-type: none"> Divide classroom into parts and write fraction Paper folding activities Role play

Chapter-8 Decimals	Introduction, Tenths, Hundredths, Comparing decimals, Using decimals, Addition of numbers with decimals, Subtraction of numbers with decimals.	The learner will be able to: <ul style="list-style-type: none"> • Identify and compare decimals. • Solve daily life problems involving decimals. 	<ul style="list-style-type: none"> • Use of graph paper to understand decimal • Daily life examples like converting rupee into paisa, cm into metre etc.
Chapter-10 Mensuration	Introduction, Perimeter, Area, Area of Rectangle, Area of square.	The learner will be able to: <ul style="list-style-type: none"> • Find area and perimeter of the different shapes vis. Square, rectangle, triangle in the surroundings. 	<ul style="list-style-type: none"> • Find area and perimeter of your geometry box and notebook. • Use of graph paper to find area in square cm.
Chapter-14 Practical Geometry	Introduction, The Circle, A Line Segment, Perpendiculars, perpendicular bisector of a line segment,. Angles	The learner will be able to: <ul style="list-style-type: none"> • Construct circle, line segment of given measurements. • Draw perpendicular and perpendicular bisector on line segments. • Identify angles in the surrounding and draw angles of measure 30°, 45°, 60°, 75°, 90° etc. using ruler and compass. 	<ul style="list-style-type: none"> • Draw any design in circle using compass. • Draw a line segment and bisect it. • Find out geometrical shapes in the house and surroundings.
Mental Maths, Maths Lab Activities & YUVA sessions Revision of Syllabus for Common Annual School Examination			

Note: The above said syllabus is for assessment purpose only and remaining chapters may be taught as Subject Learning Enrichment.
