1. New Proposal for Self Defence for Training for Girls in AWP&B 2019-20

Self-defence for women is one of those skills all backpacking women should have. It has nothing to do with fear and everything to do with feeling empowered, aware and knowledgeable.

There is no question: a solo woman on the road is more vulnerable than a man or a woman travelling in a couple or a group.

The martial arts style of Tae Kwon Do or Taekwondo is steeped in Korean history. The name is derived from the Korean words Tae (meaning “foot”), Kwon (meaning “fist”), and Do (meaning “way of”). Therefore, the term literally means “the way of foot and fist.” Taekwondo is the national sport of South Korea and is known for its [striking](#) and athletic kicks. It is also very popular worldwide, as there are more people practicing Tae Kwon Do today than any other [martial arts style](#).

Training for 3 months is proposed to be imparted for inculcating self defence skills including life skill for protection and self development for the Girls students of Elementary and secondary classes .The activity will be organized in Govt. School @ 3000 per month for 3 months :-

3. Approval From PAB (Plan Approval Board), MHRD

(i) **Self Defence (Secondary)**: An amount of Rs. 57.51 lakh was estimated for self defence training @ Rs.3000/- per school per month for three months in 639 secondary/higher schools.

Self-Defence: Gender-based violence is a serious problem threatening the growth, development education and health of adolescent girls in the country. Self-defence training techniques instill self confidence amongst girls and helps to promote girls' education particularly their transition to secondary and higher secondary level and to reduce the drop-out rate in schools. Through self-defence techniques, the girls are taught to increase their core strength. In dire situations, one is not required to have martial art training or a particular dress to defend and save oneself instead a strategic nudge, a sharp flick, a kick or a punch are enough to deter the attacker. The girls are trained to use every day articles such as, Key chain, dupatta, Stole, mufflers, bags, pen/pencil, notebook etc. as weapons of opportunity/improvised self-defence weapons to their advantage, The States and UTs may also look for convergence for availing funding for self-defence training under the Nirbhaya Fund under Ministry of Women and Child Development, Government of India, Police Department, Home Guards, NCC or with other State government schemes. Self-defence training is provided to limited number of schools; therefore, UT is requested to provide UDISE No of these schools within two months where these activities will be carried out
