No.: F-DE/IT/Misc./2015/ 110

Date:- 24-10-17

CIRCULAR

Subject:- **UDISE DATA ENTRY AND UPDATING FOR 2017-18.**

Discrepancies found in UDISE data including Adhaar data being uploaded by the schools are to be re-looked and corrected by the school authorities in the year 2017-18. School login ID and Password have been provided for submitting Adhaar Data in secured form. All the requisite particulars pertaining to students, teachers and details of school information are to be corrected and filled in by school authorities on UDISE link in Edudel portal (www.edudel.nic.in) using school Login ID and Password. No staff member can change the same without prior permission of the school HoS. Password should not be shared with unauthorized staff/person and password should be changed every fortnight. Kindly note the following:-

- i) Our target is achieve 100% accurate & authenticated UDISE & Student Data during 2017-18. Demographic authentication cannot be carried out in UDISE at the HQ level. So the school HoS has to ensure authentication at school level itself before uploading the data on UDISE platform.
- ii) NUEPA authorities have been provided Aadhar information about Students & Teachers, (29 Lac Adhaar Data of students out of 42 lakh of students i.e. 69% and Adhaar Data of teachers 52 thousand out of 1.40 lakh i.e. 37% in respect of teachers). This year 100% data has to be provided to NUEPA.
- iii) All information required by the Schools, Zones, Districts and all branches of Directorate of Education may be collected by using the UDISE database & Student Data may be used in large scale at this platform instead of collecting information manually from schools on every occasion.

- iv) UDISE & Student Data needs to be synchronized with other modules available in Edudel portal. Therefore the authenticity of the data fed at the school is of critical importance. The work should be completed by 27.10.2017.
