Subject :- making people sensitive to the problem of attacks on old people living alone.

Respected Sir/Madam,

Through the columns of your esteemed paper, I ~~would~~ ^{want} to draw your attention towards the problem of attacks on old people living alone. As we can see that in today's time younger couples leave their families and old parents alone for a stupid reason of freedom and privacy. But they don't know that how much value they keep in our life. And due to this, the third person takes advantage of overpowering their properties, money or their belongings by giving their life's risk and attacks them for their benefit. This is a crime which is widely spreading everywhere. I want you to make people aware about situations outside and

also the importance of having an elder in our home which always guides us and protects and supports us, in each & every situation.

Hoping for an immediate action towards
your your guidance.

Yours truly,

Tanvi.

Ans on Sunday I was watching TV. Suddenly I heard people shouting outside I muted TV volume and peeped outside from window. I saw that all committee members of society were having a meeting in compound of society. And gradually the conversation was turning to a heated ~~an~~ argument. I called up my mother and asked about the matter of discussion. She told me that I am a child and I should not participate in it. My father was also there. I told my mother that the discussion here is not taking the right point, we need to do something as there will be soon a cat fight. Then my mother told me the

matter and asked me to switch off all lights and fans of house and also to switch off TV. Then we both went down stairs with our neighbour aunt's to see what's happening. We all saw that all men were instead of discussing calmly ^{were} shouting and blaming each other for no reason. ~~.....~~ Being a child, I kept quiet and stood aside with my friends. All the women went there and make the argument cool down. They told our fathers that whatever the matter or problem is, solve and discuss it calmly and gently as it leaves a bad impression on everyone specially children. After taking a good and cool advice, all committee members again started their meeting and continued the peace. All the ladies started gossiping and I ~~was~~ also started playing with my friends in the society garden and had great fun but I also got very disturbed and distracted from this incident.

* The suitable title of my story is ~~.....~~ "A distracting night".

Sheli is a child different from others. This difference makes her an object of neglect and laughter. Elaborate.

Ans 100. Sheli is the youngest of all her siblings. She never got a new dress, new things or never get pampered even. She always have clothes passed on from her elder sisters. This reaction towards her was because of her ugly appearance. She had black spots marks on her face and body and she was a dumb-cow, who never taught how to behave and also stammered while speaking. Due to all these reasons everyone makes her fun and neglect her in all opportunities which she should deserve. Her mother also refused to make her educated, as no one will marry her and she always have an rejection and laughter in every situation. This was totally wrong as she ~~was~~ also had right to get equal power and value. But her non-intelligent mind, ~~and~~ dumb-cow ~~and~~ behaviour and ~~and~~ ugly appearance makes her an object of neglect and also laughter.

Ques 110

~~Ques 110~~

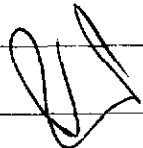

"The best and most beautiful things in the world can't be seen or even touched. They must be felt with the heart." Justify the famous quote of Helen Keller.

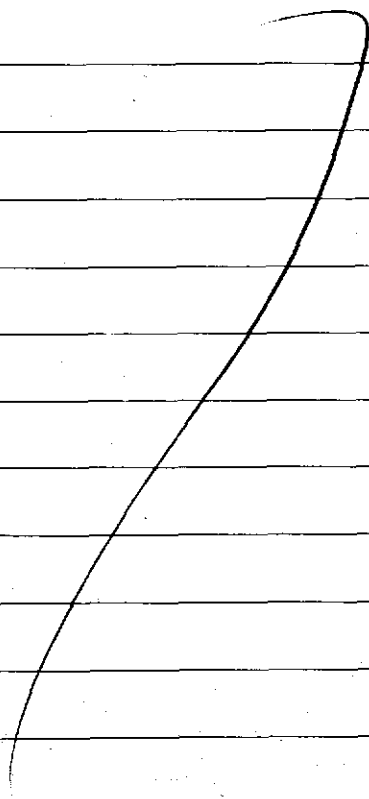

Ans 110

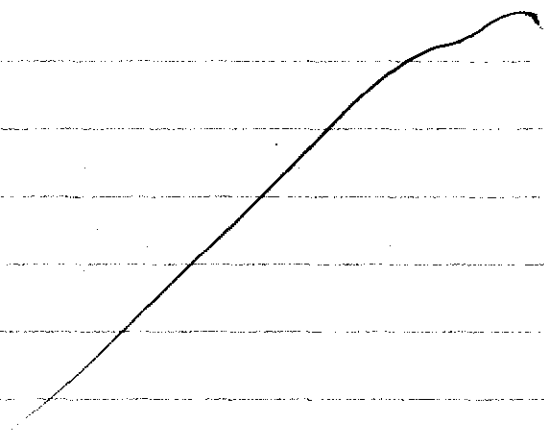

94
This famous quote of Helen Keller justifies that things can be felt more emotionally through heart. Helen was a blind and deaf child but instead of her reality she explored and felt the whole world and its beauty through her heart only. God has given everyone such beautiful eyes, nose, hands and other senses to feel this beauty but in spite of destroying their lives they can't think of any other thing. Having such beautiful power to see the world they can't reach to the deepest of its emotions and sorrows. But Helen fighting from her disabilities, not having this beautiful ~~sense~~ sense she felt and worshiped all the beauty in this world in each and every particle all because of her pure soul and emotion-sorrow filled heart. Humans get ^{so} ~~very~~ much busy in this dreadful world that doesn't have time to look the beautiful things around them in environment. They all are just running in the race of competition of being best due to which they are leaving all their love, sorrow, emotions behind.

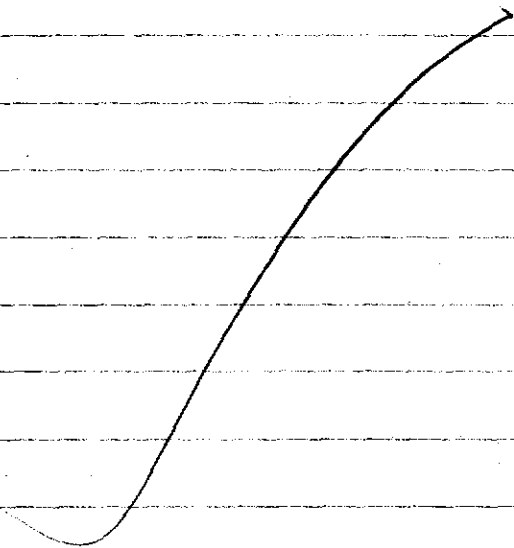

and pretend to have seen all the beautiful things in the world and even touched but don't know that it's just for their own satisfaction and being best amongst all. This quote tells that whether you have ~~to~~ ~~see~~ the most beautiful thing, whether you have touched it but with an dishonest and impure heart you can't feel it. All these abilities are ~~a~~ waste if you are not valuing that thing and respect it.
