(10) Role of Kitty in helping Anne to overcome her loneliness

She Anne had about 25-30 friends but none of them was a true friend. Anne was in the growing years. She always wanted a close friend but she did not find any friend to be very close to her. Anne had a reserved nature. She only confide in those people who were very close and to her and whom she can trust. She did not find anyone in her life to confide her feelings to. Then she got a diary as a birthday gift. Anne started

to write diary, she named it kitty. She in
kitty she found a patient friend who can listen
to her without any arguments. Then she went
into hiding with her diary. There also she
found herself lonely in the crowd. Nobody
listened to her or talked to her very much.
Everyone was critical of Anne's upbringing.
She had to hear all the bad things about her.
She felt suffocated and wanted to put all the
anger and her feelings off her chest. Whenever
she felt lonely and want to talk to anyone
that would be her diary that helped her
fight her loneliness. She always felt that
paper has more patience than men and
that's why she loved her diary. It was like
her close friend. If diary would not be
there then she ~~would~~ would be prone to
depression and loneliness. She said that

Taking Kitty away from her would be like taking her soul away. Anne would jot down all her feelings of both happiness and sadness into the diary and would feel relieved. She was not afraid in ~~the~~ writing a diary because diary will not spread things about Anne just like fake friends do. Hence we can say diary was a support for Anne in the lonely atmosphere of the hiding. ~~of~~ Kitty never Anne feel like lonely in outside as well as in the hiding's world. Also Anne had a rebellious nature so if the diary had not been there then she would have ~~told~~ ~~someone~~ fight with anyone which could create trouble. So from all the above facts we can say that Kitty helped her to overcome her loneliness. ~~Due to~~ her diary became her best friend. $5 + 2\frac{1}{2} + 2\frac{1}{2}$
