No. DE/82/ Nur.Pry.Br./Annual Target/2024/ 61

Date: 30/08/24.

**Circular**

**Subject: Implementation of Art Integrated Learning approach in pre-primary and primary classes.**

Art-integrated learning at the primary level is a transformative educational approach that incorporates artistic activities into the teaching of core subjects. This method not only enhances students' creativity but also significantly improves their comprehension and retention of academic content. By engaging in visual arts, music, drama, and dance, young learners develop critical thinking and problem-solving skills which boost their emotional expression and mental well-being.

Art activities foster fine motor skills, cultural awareness, and social development, promoting empathy and collaboration among students. Moreover, integrating art into the curriculum builds confidence, communication abilities, and a lifelong appreciation for the arts. This holistic approach ensures that students become well-rounded individuals, capable of thinking innovatively and adapting to various challenges.

Sensing the benefits as mentioned above, it has been decided that all the Assistant Teachers (Nursery & Primary) will include the various art forms in the classroom teaching. In this connection, a module has been devised and the link of the same is available on MIS as per the pathway given below:

**1. Teacher Level Entry**

edudel.nic.in → student module (personal login) → student → other link → Art Integrated Learning (Teacher)

**2. HoS Level Entry**

edudel.nic.in → student module (school login) → student → other link → Art Integrated Learning (HoS)

All the Heads of Sarvodaya Vidyalayas are hereby directed to –

- Disseminate the information amongst all the concerned teachers for compliance. The teachers have already been directed to integrate arts during classroom teaching vide mail dated 26/07/2024.

- Instruct all the Assistant Teachers to submit the details (through the above-mentioned link) about the Art Integrated Activities performed during previous month. So as to ensure the correctness of the data submitted, it is mandatory for the teachers to carry supporting documents as evidence for the same. The data submitted by the teacher will be forwarded to the concerned HoSs through this online module for verification and final submission.
- Verify the details with the supporting documents and submit the final data. If the details found incorrect during the verification, the concerned teacher must be directed by the HoS to submit the details again. The final submission by the HoS will indicate that the HoS has verified the correctness of the data submitted by the Assistant Teachers of that particular school.
- The final submission by the HoS must be done by the last working day of every month. *However, the data for the month of August 2024 may be submitted by the first week of September 2024.*

All the DDEs (Zone/ District) are requested to ensure the same in the schools under their jurisdictions.

This issues with the prior approval of the Competent Authority.
