28. We are directing the Director of Education to look into the letters of allotment issued by the Government and ascertain whether they (terms and conditions of land allotment) have been complied with by the schools.....

.....If in a given case, Director finds non-compliance of above terms, the Director shall take appropriate steps in this regard."

AND WHEREAS, the Hon'ble High Court of Delhi vide its judgement dated 19.01.2016 in writ petition No. 4109/2013 in the matter of Justice for All versus Govt. of NCT of Delhi and others has reiterated the aforesaid directions of the Hon'ble Supreme Court and has directed the Director of Education to ensure the compliance of term, if any, in the letter of allotment regarding the increase of the fee by all the recognized unaided schools which are allotted land by DDA/ land owing agencies.

AND WHEREAS, accordingly, the DoE vide Order No. F.DE-15(40)/PSB/2019/4440-4412 dated 08.06.2022, directed all the private unaided recognized schools, running on the land allotted by DDA/other land-owning agencies at concessional rates or otherwise, with the condition to seek prior approval of DoE for increase in fee, to submit their proposals, if any, for prior sanction, for increase in fee for the academic session 2022-23

AND WHEREAS, in pursuance to Order dated 08.06.2022 of the DoE, the School submitted its proposal for enhancement of fee for the academic session 2022-23. Accordingly, this Order dispenses the proposal for enhancement of fee submitted by school for the academic session 2022-23.

AND WHEREAS, in order to ensure that the proposals submitted by the schools for fee increase are justified or not, this Directorate has deployed teams of Chartered Accountants at HQ level who has evaluated the fee increase proposals of the school very carefully in accordance with the provisions of the DSEA, 1973, the DSER, 1973 and other orders/ circulars issued from time to time by DoE.

AND WHEREAS, in the process of examination of the fee hike proposal filed by the aforesaid school, necessary records and explanations were also called from the school through email dated 06.09.2022. The school was also provided an opportunity to be heard on 30.09.2022 to present its justifications/clarifications on the fee increase proposal. Based on the discussion with the school during a personal hearing, the school was further asked to submit the necessary documents and clarification on

various issues noted. In the aforesaid personal hearing, compliance of Order No. 15/ (217)/PSB/2021/3681-3686 dated 17.09.21 issued for FY 2019-20 were also discussed with the school and the school's submissions were taken on record

AND WHEREAS, on receipt of clarification as well as documents uploaded on the web portal for the fee hike post personal hearing, the fee hike proposal was evaluated by the team of Chartered Accountants and the key suggestions noted for improvement by the school are hereunder:

A. Financial Suggestion for Improvements

1. Clause No. 2 of Public Notice dated 04.05.1997 states "*It is the responsibility of the society who has established the school to raise such funds from their own sources or donations from the other associations because the immovable property of the school becomes the sole property of the society*". Additionally, Hon'ble High Court of Delhi in its judgement dated 30.10.1998 titled Delhi Abibhavak Mahasangh concluded states "*The tuition fee cannot be fixed to recover capital expenditure to be incurred on the properties of the society.*" Also, Clause (vii) (c) of Order No. F.DE/15/Act/2K/243/KKK/ 883-1982 dated 10.02.2005 issued by this Directorate states "*Capital expenditure cannot constitute a component of the financial fee structure.*"

Rule 177 of DSER, 1973 states "*Income derived by an unaided recognized school by way of fees shall be utilized in the first instance, for meeting the pay, allowances, and other benefits admissible to the employees of the school. Provided that, savings, if any, from the fees collected by such school may be utilized by its management committee for meeting capital or contingent expenditure of the school, or for one or more of the following educational purposes, namely award of scholarships to students, establishment of any other recognized school, or assisting any other school or educational institution, not being a college, under the management of the same society or trust by which the first mentioned school is run. Further, the aforesaid savings shall be arrived at after providing for the following, namely:*

- a) *Pension, gratuity and other specified retirement and other benefits admissible to the employees of the school.*
- b) *The needed expansion of the school or any expenditure of a developmental nature.*
- c) *The expansion of the school building or for the expansion or construction of any building or establishment of hostel or expansion of hostel accommodation.*
- d) *Co-curricular activities of the students.*
- e) *Reasonable reserve fund, not being less than ten percent, of such savings.*

As per Clause 7.24 of Duggal committee report "*school should be prohibited from discharging any of the functions, which rightly fall in the domain of the society out of the fees and other charges collected from the students; or where the parents are made to bear, even in part, the financial burden for the creation of facilities including building, on a land which had been given to the society at concessional rates for carrying out a "philanthropic activity. One only wonders what then is the contribution of the society that professes to run the school"*.

Therefore, based on the above-mentioned provisions, the cost relating to land and construction of the school building should be borne by the society running the school and school funds, i.e., fees collected from the students should not be used for the purchase of land and construction of the school building. In this regard, it is also important to mention that society was allotted an

institutional land at very low cost compared to the price of commercial and as well as residential land of that nearby locality. The reason for allotment of land as such low cost was the society came up with the offer to do noble work in the field of education and run the school in Delhi on charity and on a "no profit and no loss" basis. In its offer the society also undertook to execute this work from its resources or by arranging funds through donations, subscriptions, or any other legal possible manner. Based on the noble grounds, the DoE had recommended to the land-owning agencies for-allotment of land to society which would otherwise not be possible for the society to have such a prime land at this cost in such posh location.

Accordingly, if the DoE finds any deviation or non-compliance in any condition of land allotment letter, the society as well as the school are bound to comply and honour that immediately as per the direction of the DoE. Society cannot always claim the protection of Article 19(1)(g), 21 & 30 of the Constitution of India for non-interference by the DoE. Because the main source (i.e., land) which was required to establish and run the school was supported by DoE by recommending to land owning agency to allotment the land to the society. After considering the recommendation of the DoE, a clause was included in the land allotment letter of the school that the school shall not increase the fee without the prior sanction of the Director (Education) and shall follow the provisions of the Delhi School Education Act/Rules, 1973 and other instructions issued by the department from time to time.

The DOE, in its Order No. 15/217/PSB/2021/3681-3686 dated 17.09.2021 issued to the school post evaluation of the fees hike proposal for the academic session FY 2019-20, noted that the school had incurred INR 9,34,60,584 from FY 2013-14 to FY 2018-19, which was recorded by the school as "*Building repair & maintenance and school running maintenance*" in its books of accounts. However, based on the information and documents submitted by the school, it was noted that these expenditures were capital expenditures, i.e., construction of the school building. It was also noted that these expenses were incurred without complying with the above-mentioned provisions. Accordingly, the school was directed to recover INR 9,34,60,584 from society.

During the personal hearing, the school explained that expenses of INR 3,10,78,137 (i.e., INR 1,49,25,939 plus INR 1,06,43,293 plus INR 55,08,905) incurred by the school from FY 2016-17 to FY 2018-19 were not related to the construction of any new building but were related to the reinstatement and upkeep of the school building. In order to validate its claim, the school also submitted relevant ledger accounts and supporting bills. On review of details submitted by the school, it was noted that these expenditures were related to whitewash, washroom repairs, furniture repairs, flooring repairs, and other maintenance works done by the school in the school building. Accordingly, the aforesaid recovery of INR 9,34,60,584 has been reduced by INR 3,10,78,137.

Therefore, remaining expenditure of INR 6,23,82,547 (INR 9,34,60,684 minus INR 1,49,25,939 minus INR 1,06,43,293 minus INR 55,08,905) which is related to the construction of the school building is still stood to be recoverable from the society. Accordingly, it has been included while deriving the fund position of the school with the direction to the school to recover this amount from society within 30 days from the date of issue of this order. Non-compliance with this direction by the school necessary action against the school shall be taken in accordance with section 24 of the DSEA, 1973.

2. Clause (vii) (c) of Order No. F.DE/15/Act/2K/243/KKK/ 883-1982 dated 10.02.2005 issued by this Directorate states “*Capital expenditure cannot constitute a component of the financial fee structure.*”

As per Section 18(4) of DSEA,1973 states “*Income derived by unaided school by way of fees shall be utilized only for such educational purpose as may be prescribed*”.

The DOE, in its Order No. 15/(217)/PSB/2021/3681-3686 dated 17.09.21 issued to the school post evaluation of the fees hike proposal for the academic session FY 2019–20, noted that the school had utilized INR 38,25,870 towards repayment of the loan and interest taken for purchase of vehicles. It was also noted that the aforesaid expenditure was incurred without complying with the aforesaid provisions. Therefore, the school was directed to recover INR 38,25,870 from society, which is still pending for recovery.

Therefore, the above amount of INR 38,25,870 has been added in the calculation of available funds of the school with direction to the school to recover this amount from society within 30 days from the date of issue of this order.

3. Para 7.14 of AS-15 “*Employee Benefit*” issued by the Institute of Chartered Accountants of India (ICAI) states ‘Plan Assets as:
- assets held by a long-term employee benefit fund; and
 - qualifying insurance policies.”

Further, the para 57 of the AS-15 states “*an enterprise should determine the present value of defined benefit obligations and the fair value any plan assets with sufficient regularity that the amounts recognized in the financial statements do not differ materially from the amounts that would be determined at the balance sheet date.*”

A review of the audited financial statements for FY 2021–22 revealed that the school has not recorded its liability for retirement benefits in accordance with the actuarial report it received. As per the actuarial valuation report, the total liability for retirement benefits was INR 3,49,87,755 as opposed to the reported liability of INR 3,39,18,958. As a result, the school's audited financial statements show an under-provision of INR 10,68,797. The school further submitted that it has invested INR 31,18,914 with LIC and submitted the investment proof as an investment with LIC qualifies as plan assets within the meaning of AS-15. Therefore, the amount deposited by the school in plan assets has been considered while deriving the fund position of the school, with the direction to the school to invest the remaining amount in the plan assets. The details of the gratuity and leave encashment provisions and investment are provided below.

Particulars	Gratuity	Leave Encashment	Total Amount (INR)
Liability as per Actuarial Valuation	3,36,75,223	13,12,532	3,49,87,755
Liability as per AFS	3,29,11,591	10,07,367	3,39,18,958
Short provision reported in the audited financial statements	7,63,632	3,05,165	10,68,797

B. Other Suggestion for Improvements

1. Section 18(5) of the DSEA, 1973 states "the managing committee of every recognized private school shall file every year with the Director such duly audited financial and other returns as may be prescribed, and every such returns shall be audited by such authority as may be prescribed".

Further, Rule 180 (1) of DSER, 1973 states "every recognized private school shall submit returns and documents in accordance with Appendix-II".

Point No. (2) of the Appendix-II requires final accounts i.e., receipts and payments account, income and expenditure account and balance sheet of the preceding year should be duly audited by the Chartered Accountant.

Accordingly, the DoE vide Order No. F.DE-15/ACT-I/WPC-4109/Part/13/7905-7913 dated 16.04.2016, specified the format of returns and other documents required to be submitted by the private unaided recognized schools. The aforesaid order also specifies format for the financial statements to be such as specified by the Institute of Chartered Accountants of India (ICAI), established under Chartered Accountants Act, 1949 (38 of 1949) in Guidance Note-21 'Accounting by Schools (2005)' as amended from time to time.

Based on the abovementioned provisions, every private unaided recognized school is required to get its accounts audited by a Chartered Accountant before submitting a return under Rule 180(1) of DSER, 1973. The documents submitted by the school for evaluation of the fee hike proposal were taken on record, and a review of the audited financial statements and Independent Auditors Report of FY 2021-22 revealed that:

- a. The Independent Auditors Report was not issued in the format specified in Standard on Auditing-700 (SA 700) issued by the Institute of Chartered Accountants of India. Because the majority of the content of the Independent Auditors' Report was missing, such as the auditors' and management's responsibilities.
- b. In the audit report, no reference with respect to 'Receipt & Payment Account' is mentioned, raising the doubt as to whether this has been audited or not. Although the same was duly signed by the auditor and management of the school.

In view of the above, the school is hereby directed to get its accounts audited by chartered accountant and audit report in the format specified SA-700 issued by ICAI. However, during the personal hearing the school submitted that audited financial statements was related to school only. Therefore, it has been considered while evaluating the fee hike proposal submitted by the school.

2. From a review of documents submitted by the school post personal hearing, the following has been noted with respect to the Fixed Asset Register (FAR) maintained by the school:
 - No tagging of the assets has been done in Fixed Assets Register (FAR) and location is not identified due to which assets could not be physically verified.
 - Depreciation for the individual assets is not recorded in the FAR, only cost of the assets is available in the FAR and WDV of the assets is not available.

- Invoice number, manufacturer's serial number and location of the asset is not mentioned in the fixed assets register.

Therefore, the School is hereby directed to prepare a FAR, which should include details such as asset description, purchase date, supplier name, invoice number, manufacturer's serial number, location, purchase cost, other costs incurred, depreciation, asset identification number, etc. to facilitate identification of asset and documenting complete details of assets at one place. The school is further directed to comply with the directions for preparing FAR with relevant details mentioned above according to the process for periodic physical verification of assets and documenting the results of physical verification of assets. The same shall be verified at the time of evaluation of the fee hike proposal for subsequent years. This being a procedural finding, no financial impact is warranted on the fund position of the school.

3. The school is not complying with the DoE Order No.F.DE.15/Act-I/08155/2013/5506-5518 dated 04.06.2012 as well as the conditions specified in the land allotment letter which require that the school should provide 25% reservation for children belonging to EWS/DG category. Therefore, the school is directed to ensure admission in accordance with the aforesaid order. Further, the school is also required to provide uniform and textbooks to the EWS/DG category students. However, from the audited financial statements, the expenditure incurred by the school towards uniform and textbooks cannot be determined. Therefore, the concerned Deputy Director Districted are requested to ensure compliance with this regard by the school. From the information provided by the school, the percentage of admission allowed to the school to EWS is provided below.

Particulars	FY 2022-23
Total Students	2,828
EWS Students*	522
% of EWS students	18.46%

*Included EWS and other non-fee paying students.

After detailed examination of all the material on record and considering the clarification submitted by the school, it was finally evaluated/ concluded that:

- i. The total funds available for the FY 2022-23 amount to **INR 16,67,18,164** out of which cash outflow for the FY 2022-23 is estimated to be **INR 17,73,48,938**. This results in a deficit of **INR 1,06,30,774** after meeting all expenditures. The details are as follows:

Note 1: The Department vide its order No.F.No.PS/DE/2020/55 dated 18.04.2020 and order No.F.No.PS/DE/2020/3224-3231 dated 28.08.2020 issued guidelines regarding the chargeability of fees during the pandemic COVID 2019. The department in both the above-mentioned orders directed to the management of all the private schools not to collect any fee except the tuition fee irrespective of the fact whether running on the private land or government land allotted by DDA/other government land owing agencies and not to increase any fee in academic session 2020-21 till further direction.

Further, the department in pursuance of the order dated 31.05.2021 in WPC 7526/2020 of Single Bench of the Hon'ble High Court of Delhi and interim order dated 07.06.2021 in LPA 184/2021 of the Division Bench of Hon'ble High Court of Delhi and to prevent the profiteering and commercialisation, directed to the management of all the petitioners private unaided recognised schools through its order No. F. No.DE.15(114)/PSB/2021/2165-2174 dated 01.07.2021:

- (i) "to collect annual school fee (only all permitted heads of fees) from their students as fixed under the DSEAR, 1973 for the academic year 2020-21, but by providing deduction of 15% on that amount in lieu of unutilized facilities by the students during the relevant period of academic year 2020-21". And if the school has collected the fee in excess to the direction issued by the Hon'ble Court, the same shall be refunded to the parents or adjusted in the subsequent month of fee or refund to the parents.
- (ii) The amount so payable by the concerned students be paid in six equal monthly instalments w.e.f. 10.06.2021.
- (iii) The above arrangement will also be applicable with respect to collection of fees for academic session 2021-22.

During the personal hearing, the school explained that it has collected 100% of tuition fees. No, development and annual fees are being charged from the students.

Note 2: Further, profit on sale of fixed assets (notional income) amounting to INR 1,17,836 which was reported as income in Income and expenditure account of AFS of FY 2021-22 being notional in nature has not been considered which deriving the fund position.

Note 3: As per the Duggal Committee report, there are four categories of fees that can be charged by a private unaided School. The first category of fee comprised of "Registration fee and all one Time Charges" levied at the time of admissions such as admission and caution money. The second category of fee comprises 'Tuition Fee' which is to be fixed to cover the standard cost of the establishment and to cover the expenditure of revenue nature for the improvement of curricular facilities like library, laboratories, science, and computer fee up to class X and examination fee. The third category of the fee should consist of 'Annual Charges' to cover all expenditure not included in the second category and the fourth category consist of all 'Earmarked Levies' for the services rendered by the school and be recovered only from the 'User' students. These charges are transport fee, swimming pool charges, Horse riding, tennis, midday meals etc. This recommendation has been considered by the Directorate while issuing order No. DE.15/Act/Duggal.com/203/99/23033-23980 dated 15.12.1999 and order No. F.DE./15(56)/Act/2009/778 dated 11.02.2009.

The purpose of each head of the fee has been defined and it is nowhere defined the usage of development fee or any other head of fee for investments against depreciation reserve fund.

Further, Clause 7 of order No. DE.15/Act/Duggal.com/203/99/23033-23980 dated 15.12.1999 and clause 14 of the order no F.DE./15(56)/Act/2009/778 dated 11.02.2009, "development fee, not exceeding 15% of the total annual tuition fee may be charged for supplementing the resources for purchase, upgradation and replacement of furniture, fixture and equipment. Development fee, if required to be charged, shall be treated as capital receipt, and shall be collected only if the school is maintaining a Depreciation Reserve Fund, equivalent to the depreciation charged in the revenue accounts and the collection under this head along with and income generated from the investment made out of this fund will be kept in a separately maintained Development Fund Account". Thus, the above direction provides for:

- Not to charge development fee for more than 15% of tuition fee.
- Development fee will be used for purchase, upgradation and replacement of furniture, fixtures, and equipment.
- Development fee will be treated as capital receipts.
- Depreciation reserve fund is to be maintained.

Thus, the creation of the depreciation reserve fund is a pre-condition for charging of development fee, as per above provisions and the decision of Hon'ble Supreme court in the case of Modern School Vs Union of India & Ors.: 2004(5) SCC 583. Even the Clause 7 of the above direction does not require to maintain any investments against depreciation reserve fund. Also, as per para 99 of Guidance Note-21 'Accounting by School' issued by the Institute of Chartered Accountants of India states "Where the fund is meant for meeting capital expenditure, upon incurrence of the expenditure, the relevant asset account is debited which is depreciated as per the recommendations contained in this Guidance Note. Thereafter, the concerned restricted fund account is treated as deferred income, to the extent of the cost of the asset, and is transferred to the credit of the income and expenditure account in proportion to the depreciation charged every year."

Accordingly, the depreciation reserve (that is to be created equivalent to the depreciation charged in the revenue account) is mere of an accounting head for the appropriate accounting treatment of depreciation in the books of account of the school in accordance with Guidance Note -21 issued by the Institute of Chartered Accountants of India. Thus, there is no financial impact of depreciation reserve on the fund position of the School. Accordingly, the depreciation reserve fund has not been considered while deriving the fund position of the school.

Note 4: All budgeted expenditure of the school has been considered while deriving the fund position of the school except the following:

Particulars	Expenditure as per AFS for FY 2021-22	Expenditure as per Budgeted of FY 2022-23	Disallowed	Remarks
Salary Arrears	-	10,55,34,543	10,55,34,543	Considered separately
Salaries	6,26,24,054	11,01,62,000	1,62,25,840	The school has proposed unreasonable expenditure in comparison to expenditure incurred by the school in the previous financial year. For which the school did not provide any proper justification. Therefore, the excess expenditure of INR 1,62,25,840 has not been considered in the budgeted expenditure of the school.
Transportation Expenses	52,85,461	80,91,000	80,91,000	Neither Income nor expenses related to transport has been considered in the above table.
Vehicle Maintenance	2,44,621	4,50,000	4,50,000	
Insurance	4,08,112	4,00,000	4,00,000	

Note 5: While evaluating the fee hike proposal, department considers that how much liquid funds would require the school for a particular session for smooth operation without compromising with the quality of education. Thus, while deriving the fund position of the school all legitimate expenditures revenue as well as capital in accordance with the provisions DESAR, 1973 and pronouncement of Courts judgment have been considered. Therefore, balance of the other current assets other and current liabilities has not been considered. Because it is clear that the current assets, loans and advances and current liabilities are cyclic in nature and the same have already been considered in the form of budgeted income and expenditure of the school in the earlier years. Thus, current assets, loans and advances and current liabilities will always reflect in the financial statements at the end of the financial year.

Note 6: Salary arrears of INR 3,70,26,027 for the period from 01.04.2020 to 31.03.2022 has been considered while evaluating the proposal.

- ii. In view of the above examination, it is evident that the school does not have adequate funds for meeting all the operational expenditures for the FY 2022-23. In this regard, the directions issued by the Directorate of Education vide circular no. 1978 dated 16.04.2010 states that,

"All Schools must, first of all, explore and exhaust the possibility of utilising the existing funds/ reserves to meet any shortfall in payment of salary and allowances, as a consequence of increase in the salary and allowance of the employees. A part of the reserve fund which has not been utilised for years together may also be used to meet the shortfall before proposing a fee increase."

AND WHEREAS, in the light of above evaluation which is based on the provisions of DSEA, 1973, DSER, 1973, guidelines, orders and circulars issued from time to time by this Directorate, it was recommended by the team of Chartered Accountants along with certain financial suggestions that were identified (appropriate financial impact has been taken on the fund position of the school) and certain procedural suggestions which were also noted (appropriate instructions against which have been given in this order), that the sufficient funds are not available with the School to carry out its operations for the academic session 2022-23. AND WHEREAS, considering the financial situation and existing deficiencies and keeping in view that salary and other employee's benefits can be paid to the teachers and staff smoothly, the fee hike is allowed to the school with the suggestions for improvement. The school is hereby further directed that the additional income received on account of increase fee should be utilized at first instance only for payment of salary and salary arrears and submit the compliance report within 30 days from the date of issue of this order.

Keeping this in view, and exercising the powers conferred under Rule 43 of DSER, 1973, the Director (Education) has accepted the proposal submitted by the school and allowed an increase in fee by 11% to be effective from 01 October 2022.
