28. We are directing the Director of Education to look into the letters of allotment issued by the Government and ascertain whether they (terms and conditions of land allotment) have been complied with by the schools.....

AND WHEREAS, accordingly, the DoE vide Order No. F.DE-15(40)/PSB/2019/4440-4412 dated 08.06.2022, directed all the private unaided recognized schools, running on the land allotted by DDA/other land-owning agencies at concessional rates or otherwise, with the condition to seek prior approval of DoE for increase in fee, to submit their proposals, if any, for prior sanction, for increase in fee for the academic session 2022-23.

AND WHEREAS, in pursuance to Order dated 08.06.2022 of the DoE, the School submitted its proposal for enhancement of fee for the academic session 2022-23. Accordingly, this Order dispenses the proposal for enhancement of fee submitted by school for the academic session 2022-23.

AND WHEREAS, in the process of examination of the fee hike proposal filed by the aforesaid school, necessary records and explanations were also called from the school through email and the school was also provided an opportunity to be heard on 26.08.2022 to present its justifications/clarifications on the fee increase proposal. Based on the discussion with the school during a personal hearing, the school was further asked to submit the necessary documents and clarification on various issues noted. In the aforesaid personal hearing, compliance of Order No. 15/(317)/PSB/2021/209-213 dated 11.01.2022 issued for FY 2019-20 were also discussed with the school and the school's submissions were taken on record.

AND WHEREAS, on receipt of clarification as well as documents uploaded on the web portal for the fee hike post personal hearing, the fee hike proposal was evaluated by the team of Chartered Accountants and the key suggestions noted for improvement by the school are hereunder:

A. Financial Suggestion for Improvements

1. As per clause 2 of Public Notice dated 04.05.1997, *"it is the responsibility of the Society who has established the School to raise such funds from their own sources or donations from the other associations because the immovable property of the School becomes the sole property of the Society"*

The Directorate in its Order No. DE 15/Act/Duggal.com/203/ 99/23033/23980 dated 15 Dec 1999, *"the management is restrained from transferring any amount from the recognized unaided school fund to society or trust or any other institution"*. The Supreme Court also through its judgement on a review petition in 2009 restricted transfer of funds to the society.

The Directorate noted in Order No. 15/(317)/PSB/2021/209-213 dated 11.01.2022 issued for FY 2019-20 and Order No. 15/(594)/PSB/2018/30342-30346 dated 11.12.2018 issued for FY 2017-18 that from FY 2013-14 to FY 2018-19, the school paid rent of INR 1,27,13,269 to Mr. Manish Kumar and Mr. Sanjay Kumar (both are the sons of the trustees of the society) for the running of the primary school on separate land from the school building. The above rent was paid by a transfer of school funds. Therefore, the school was directed to recover this amount from society, which is still pending.

The school submitted in its reply post personal hearing that the expenditure of INR 1,27,13,269, as mentioned in your order, was for rented premises to run the primary school, and the rent for such premises was much below market rates. As a result, the need to recover this amount from society is neither justifiable nor feasible, nor is society capable of bearing such a large expenditure or capital expenditure.

The school's submission is unacceptable because society cannot shirk its responsibility to provide the basic infrastructure needed to run the school. It is also important to mention that the society was allotted concessional land by the land-owning agency on the recommendation of DoE with the condition to build a basic infrastructure, i.e., a school building, for the running of the school. As a result, the school's claim that society is incapable of bearing the basic infrastructure costs for running the school is untenable. It appears that society, instead of incurring expenditure on the basic infrastructure of the school, has followed a different route for the diversion of school funds to the members of the trustee. Therefore, all the claim of the school is rejected, and the school is still liable to recover the above expenditure of INR 1,27,13,269 from the society being the responsibility of the society. Accordingly, it has been included in the fund position of the school with the direction to the school to recover this amount from society within 30 days from the date of issue of this order.

2. Para 49 of Accounting Standard 15 'Employee Benefits' issued by The Institute of Chartered Accountants of India states *"Accounting for defined benefit plans is complex because actuarial assumptions are required to measure the obligation and the expense and there is a possibility of actuarial gains and losses."*

Further, para 57 states *"An enterprise should determine the present value of defined benefit obligations and the fair value of any plan assets with sufficient regularity that the amounts recognized in the financial statements do not differ materially from the amounts that would be*

determined at the balance sheet date". Also, para 7 of the Accounting Standard defines Plan Assets as under:

- (a) Assets held by a long-term employee benefit fund; and
- (b) Qualifying insurance policies.

The school has reported a liability of INR 2,03,03,317 towards gratuity and INR 41,40,165 towards leave encashment in the audited financial statements for FY 2021-22 on the basis of an actuarial valuation report. However, the school has not invested any amount in plan assets that can be used for the payment of these liabilities as and when they arise. The same was discussed with the school during a personal hearing. The school acknowledged the need for this investment and assured that it would take the necessary steps.

As a result, the school has invested INR 1,78,11,716 with LIC for gratuity payment on 03.10.2022, and has submitted payment proof thereof. Therefore, the amount invested by the school of INR 1,78,11,716 has been considered in determining the fund position of the school, with the school being directed to invest the remaining amount in the plan asset within 30 days from the date of issue of this order. Compliance with the directive will be verified at the time of the fee hike proposal for the subsequent year.

B. Other Suggestion for Improvements

1. As per Clause 19 of Order No. F.DE/15(56)/Act/2009/778 dated 11.02.2009 "*The tuition fee shall be so determined as to cover the standard cost of establishment including provisions for DA, bonus, etc., and all terminal, benefits as also the expenditure of revenue nature concerning the curricular activities.*"

Further clause 21 of the aforesaid order "*No annual charges shall be levied unless they are determined by the Managing Committee to cover all revenue expenditure, not included in the tuition fee and 'overheads and expenses on play-grounds, sports equipment, cultural and other co-curricular activities as distinct from the curricular activities of the school.*"

And as per clause 22 of Order No. F.DE./15(56)/ Act/2009/778 dated 11.02.2009 "*Earmarked levies will be calculated and collected on 'no-profit no loss' basis and spent only for the purpose for which they are being charged.*"

As per Rule 176 of the DSER, 1973 "*Income derived from collections for specific purposes shall be spent only for such purpose.*"

Further, sub-rule 3 of Rule 177 of DSER, 1973 provides "*Funds collected for specific purposes, like sports, co-curricular activities, subscriptions for excursions or subscriptions for magazines, and annual charges, by whatever name called, shall be spent solely for the exclusive benefit of the students of the concerned school and shall not be included in the savings referred to in sub-rule (2).*" And, Sub-rule 4 of the said rule states "*The collections referred to in sub-rule (3) shall be administered in the same manner as the monies standing to the credit of the Pupils Fund as administered.*"

However, as per audited financial statements of FY 2019-20 to FY 21-22, it has been noted that the school charges earmarked levies in the form of Science fees, Computer fees, Examination Fees, without maintaining separate funds accounts for that. If the school generates surplus from any of the

earmarked levy, the same is used to meet other expenditure of the school while in case of deficit the school funds is used to meet earmarked expenditure of the school which is not correct.

The aforementioned Guidance Note-21 also lays down the concept of fund-based accounting for restricted funds, whereby upon incurrence of expenditure, the same is charged to the Income and Expenditure Account ('Restricted Funds' column) and a corresponding amount is transferred from the concerned restricted fund account to the credit of the Income and Expenditure Account ('Restricted Funds' column). However, the school has not been following fund-based accounting in accordance with the principles laid down by the aforesaid Guidance Note.

Based on the above provisions, the school is required to maintain a separate fund account depicting clearly the amount collected, amount utilised and balance amount for each earmarked levy collected from students. Unintentional surplus, if any, generated from earmarked levies has to be utilized or adjusted against earmarked fees collected from the users in the subsequent year. Further, the school should evaluate costs incurred against each earmarked levy and propose the revised fee structure for earmarked levies during subsequent proposal for enhancement of fees, ensuring that the proposed levies are calculated on a no-profit no-loss basis and not to include fees collected from all students as earmarked levies. Accordingly, the school is directed to comply with the above-mentioned provisions.

2. From review of documents submitted by the School with the proposal of fee hike for FY 2022-23, the following has been note with respect to the Fixed Asset Register (FAR) maintained by the school:
 - No tagging of the assets has been done in Fixed Assets Register (FAR) and location is not identified due to which assets could not be physically verified.
 - Depreciation for the individual assets is not recorded in the FAR, only cost of the assets is available in the FAR and WDV of the assets is not available.
 - Invoice number, manufacturer's serial number and location of the asset is not mentioned in the fixed assets register

Therefore, the School is hereby directed to prepare a FAR, which should include details such as asset description, purchase date, supplier name, invoice number, manufacturer's serial number, location, purchase cost, other costs incurred, depreciation, asset identification number, etc. to facilitate identification of asset and documenting complete details of assets at one place. The school is further directed to comply with the directions for preparing FAR with relevant details mentioned above according to the process for periodic physical verification of assets and documenting the results of physical verification of assets. The same shall be verified at the time of evaluation of the fee hike proposal for subsequent years. This being a procedural finding, no financial impact is warranted on the fund position of the school.

3. As per clause 103 on Related Party Disclosure, contained in Guidance Note 21 on 'Accounting by Schools', issued by the ICAI, there is a requirement that keeping in the view the involvement of public funds, schools are required to disclose the transactions made in respect of related parties.

From review of the audited financial statements of 2021-22, it has been noted that the School has not made any disclosure in its audited financial statements related to related parties disclosure. In the absence of such details, the purpose and genuineness of transactions entered between the related

parties cannot be determined. Therefore, the School is hereby directed to include such details in audited financial statements of the subsequent year.

4. The school is not complying with the DoE Order No.F.DE.15/Act-I/08155/2013/5506-5518 dated 04.06.2012 as well as the conditions specified in the land allotment letter which require that the school should provide 25% reservation for children belonging to EWS/DG category. Therefore, the school is directed to ensure admission in accordance with the aforesaid order. Further, the school is also required to provide uniform and textbooks to the EWS/DG category students. Therefore, the concerned Deputy Director Districted are requested to ensure compliance with this regard by the school. From the information provided by the school, the percentage of admission allowed to the school to EWS is provided below.

Particulars	FY 2022-23
Total Students	1316
EWS Students*	196
% of EWS students	14.89%

*Included EWS and other non-fee paying students.

5. Appendix-III (Part-I-General Instructions and Accounting Principles) of Guidance Note-21 states:

1. *"the financial statement of the Schools should be prepared on accrual basis"*
2. *"a statement of all significant accounting policies adopted in the preparation and presentation of the balance sheet and income and expenditure account should be included in the school's Balance sheet....."*
3. *"accounting policies should be applied consistently from one financial year to the next. Any change in the accounting policies which has a material effect in the current period, or which is reasonably expected to have a material effect in later periods should be disclosed...."*

Further, Clause 24 of DoE Order dated 11.02.2009 states "Every recognized unaided school covered by the Act, shall maintain accounts on the principles applicable to a non-business organization/ not-for-profit organization as per Generally Accepted Accounting Principles (GAAP).

Review of the audited financial statements of the school revealed that the school has been recording income on cash basis while expenses are being recoded on accrual basis. Thus, the school is not following Generally Accepted Accounting Principles (GAAP). Therefore, the school is hereby directed, to maintain its books of account in accordance with GAAP from subsequent financial years and made necessary adjustment in its books of accounts accordingly. The compliance with this direction shall be verified while evaluating the fee increase proposal of the subsequent year.

6. Section 18(5) of the DSEA, 1973 states *"the managing committee of every recognized private school shall file every year with the Director such duly audited financial and other returns as may be prescribed, and every such returns shall be audited by such authority as may be prescribed"*.

change in the accounting policies which has a material effect in the current period, or which
Further, Rule 180 (1) of DSER, 1973 states *"every recognized private school shall submit returns and documents in accordance with Appendix-II"*.

Point No. (2) of the Appendix-II requires final accounts i.e., receipts and payments account, income and expenditure account and balance sheet of the preceding year should be duly audited by the Chartered Accountant.

Accordingly, the DoE vide Order No. F.DE-15/ACT-I/WPC-4109/Part/13/7905-7913 dated 16.04.2016, specified the format of returns and documents submitted to be submitted by the private unaided recognized schools. As per this order the format of the financial statements shall be such as specified by the Institute of Chartered Accountants of India (ICAI), established under Chartered Accountants Act, 1949 (38 of 1949) in Guidance Note-21 'Accounting by Schools (2005)' as amended from time to time by ICAI.

Based on the abovementioned provisions, every private unaided recognized school is required to get its accounts audited by the Chartered Accountant before submission of return under Rule 180(1) of DSER, 1973. The documents submitted by the school were taken on record. Review of the audited financial statements and Independent Auditors Report for 2019-20 to FY 2021-22 the following was noted:

- a. The audit report has been issued in Form 10B under the Income Tax Act, 1961 which is not in conformity of the above-mentioned provisions.
- b. In the audit report the auditor has not given reference to "Receipt & Payment Account." Although, the same has been signed by the auditors.

In view of the above, the school is hereby directed to get its accounts audited in accordance with above mentioned provisions and resolve all queries raised by the statutory auditor before completion of the audit. The compliance with this direction will be examined while evaluating the fee hike proposal of the subsequent year. However, for the purposes of evaluation of fee hike proposal for the academic session 2022-23, the balance sheet and income and expenditure submitted by the school for FY 2019-20, 2020-21 and 2021-22 has been considered.

After detailed examination of all the material on record and considering the clarification submitted by the School, it was finally evaluated/ concluded that:

- i. The total funds available for the FY 2022-23 is **INR 7,91,78,902** out of which the expected expenditures of the school would be **INR 4,08,41,000** resulting in net surplus of **INR 3,83,37,902** for the FY 2022-23. The detailed calculation is as under:

Note 2: The Department vide its Order No.F.No.PS/DE/2020/55 dated 18.04.2020 and Order No.F.No.PS/DE/2020/3224-3231 dated 28.08.2020 had issued guidelines regarding the chargeability of fees during the pandemic COVID 2019. The department in both the above-mentioned orders directed to the management of all the private schools not to collect any fee except the tuition fee irrespective of the fact whether running on the private land or government land allotted by DDA/other land-owning agencies and not to increase any fee in FY 2020-21 till further direction.

The department in pursuance of the order dated 31.05.2021 in WPC 7526/2020 of Single Bench of the Hon'ble High Court of Delhi and interim order dated 07.06.2021 in LPA 184/2021 of the Division Bench of Hon'ble High Court of Delhi and to prevent the profiteering and commercialization, again directed to the management of all the petitioners private unaided recognized schools through its Order No. F. No. DE.15 (114) /PSB /2021 /2165-2174 dated 01.07.2021:

- (i) To collect annual school fee (only all permitted heads of fees) from their students as fixed under the DSEAR,1973 for the academic year 2020-21, but by providing deduction of 15% on that amount in lieu of **unutilized facilities** by the students during the relevant period of academic year 2020-21". And if the school has collected the fee in excess to the direction issued by the Hon'ble Court, the same shall be refunded to the parents or adjusted in the subsequent month of fee or refund to the parents.

(ii) The amount so payable by the concerned students be paid in six equal monthly instalments w.e.f. 10.06.2021.

(iii) The above arrangement will also be applicable with respect to collection of fees for academic session 2021-22.

From review of the audited financial statements of FY 2021-22 and based on the further information provided by the school, it has been noted that the school has reported 85% of the annual charges and development charges its audited financial statements of FY 2021-22. Therefore, the income collected by the school during the FY 2021-22 with respect to annual charges and development fee has been grossed up in order to make comparative income with the FY 2022-23. The detailed calculation has been provided below:

Particulars	Income as per AFS of FY 2021-22	Income Considered in the Above Table	Remarks
Tuition Fee	2,61,89,281	2,61,89,281	
Annual Charges	22,94,191 (after adj. of arrear of FY 20-21)	26,99,048	The school recorded 85% of the income.
Development fund	21,93,798 (after adj. of arrear of FY 20-21)	25,80,939	Therefore, this has been grossed up.

Note 3: As per the Duggal Committee report, there are four categories of fees that can be charged by a private unaided School. The first category of fee comprised of "Registration fee and all one Time Charges" levied at the time of admissions such as admission and caution money. The second category of fee comprises 'Tuition Fee' which is to be fixed to cover the standard cost of the establishment and to cover the expenditure of revenue nature for the improvement of curricular facilities like library, laboratories, science, and computer fee up to class X and examination fee. The third category of the fee should consist of 'Annual Charges' to cover all expenditure not included in the second category and the fourth category consist of all 'Earmarked Levies' for the services rendered by the school and be recovered only from the 'User' students. These charges are transport fee, swimming pool charges, Horse riding, tennis, midday meals etc. This recommendation has been considered by the Directorate while issuing order No. DE.15/Act/Duggal.com/203/99/23033-23980 dated 15.12.1999 and order No. F.DE. /15(56)/Act/2009/778 dated 11.02.2009.

The purpose of each head of the fee has been defined and it is nowhere defined the usage of development fee or any other head of fee for investments against depreciation reserve fund.

Further, Clause 7 of order No. DE.15/Act/Duggal.com/203/99/23033-23980 dated 15.12.1999 and clause 14 of the order no F.DE./15(56)/Act/2009/778 dated 11.02.2009, "development fee, not exceeding 15% of the total annual tuition fee may be charged for supplementing the resources for purchase, upgradation and replacement of furniture, fixture and equipment. Development fee, if required to be charged, shall be treated as capital receipt and shall be collected only if the school is maintaining a Depreciation Reserve Fund, equivalent to the depreciation charged in the revenue accounts and the collection under this head along with and income generated from the investment made out of this fund will be kept in a separately maintained Development Fund Account". Thus, the above direction provides for:

- Not to charge development fee for more than 15% of tuition fee.
- Development fee will be used for purchase, upgradation and replacement of furniture, fixtures, and equipment.
- Development fee will be treated as capital receipts.
- Depreciation reserve fund is to be maintained.

Thus, the creation of the depreciation reserve fund is a pre-condition for charging of development fee, as per above provisions and the decision of Hon'ble Supreme court in the case of Modern School Vs Union of India & Ors.: 2004(5) SCC 583. Even the Clause 7 of the above direction does not require to maintain any investments against depreciation reserve fund. Also, as per para 99 of Guidance Note-21 'Accounting by School' issued by the Institute of Chartered Accountants of India states "Where the fund is meant for meeting capital expenditure, upon incurrence of the expenditure, the relevant asset account is debited which is depreciated as per the recommendations contained in this Guidance Note. Thereafter, the concerned restricted fund account is treated as deferred income, to the extent of the cost of the asset, and is transferred to the credit of the income and expenditure account in proportion to the depreciation charged every year."

Accordingly, the depreciation reserve (that is to be created equivalent to the depreciation charged in the revenue account) is mere of an accounting head for the appropriate accounting treatment of depreciation in the books of account of the school in accordance with Guidance Note -21 issued by the Institute of Chartered Accountants of India. Thus, there is no financial impact of depreciation reserve on the fund position of the School. Accordingly, the depreciation reserve fund for the FY 2020-21 has not been considered while deriving the fund position of the School.

Note 4: As per clause 10 of Form-II of Right of Children to Free and Compulsory Education Act 2009, the schools are required to maintain liquidity equivalent to 3 months' salary and this amount should be invested in the joint name of Dy. Director (Education) and manager of the school. Generally, it is done in the form of FDR in any scheduled bank.

The school has created contingency reserve of INR 78,03,500 in its audited financial statements without making investment in the joint name of Dy. Director (Education) and manager of the school. Therefore, invest of INR 78,03,500 has not been included while deriving the fund position of the school.

Therefore, the school is hereby directed to invest this amount in accordance with the provision mentioned above and submit the compliance report to the DoE within 30 days from the date of issue of this order.

Note 5: While evaluating the fee hike proposal, the department considers how much liquid funds schools would require for a particular session for smooth operation without compromising the quality of education. Thus, while deriving the fund position of the school, all legitimate revenue as well as capital nature expenditures in accordance with the provisions of DESAR, 1973 and the pronouncement of Courts judgment have been considered. Therefore, the balance of the other current assets and other current liabilities has not been considered because these are cyclic in nature, as the same would have been part of the budgeted income and expenditure of the school in earlier years. Although it is reflected in the financial statements at the end of the financial year.

Note 6: During the personal hearing, the school mentioned that it is not even in a position to pay salaries as per the recommendation of the 6th CPC. Currently, the school has been paying DA at 85%

of basic pay under the 6th CPC. The school further explained that the management of the school has not yet decided about the implementation of the 7th CPC, and accordingly, the school has not proposed any amount towards salary arrears on account of the implementation of the 7th CPC.

The school was asked several times via email on August 22, 2012, December 27, 2012, and January 3, 2023 to provide figures for salary arrears payable to employees as a result of the implementation of the 7th CPC, but the school did not provide any of these details. In the absence of necessary information, no amount has been considered for salary arrears while calculating the fund position of the school.

- ii. In view of the above examination, it is evident that the school has adequate funds for meeting all the operational expenditures for the FY 2022-23. In this regard, the directions issued by the Directorate of Education vide circular no. 1978 dated 16 April 2010 states that:

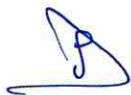

“All schools must, first of all, explore and exhaust the possibility of utilizing the existing funds/ reserves to meet any shortfall in payment of salary and allowances, as a consequence of increase in the salary and allowance of the employees. A part of the reserve fund which has not been utilized for years together may also be used to meet the shortfall before proposing a fee increase.”

AND WHEREAS, in the light of above evaluation which is based on the provisions of DSEA, 1973, DSER, 1973, guidelines, orders and circulars issued from time to time by this Directorate, it was recommended by the team of Chartered Accountants along with certain financial suggestions that were identified (appropriate financial impact has been taken on the fund position of the school) and certain procedural suggestions which were also noted (appropriate instructions against which have been given in this order), that the sufficient funds are available with the School to carry out its operations for the academic session 2022-23.
